

How to create e-Shelf in Nusearch

e-Shelf - NUsearch

Go to <http://nusearch.nottingham.edu.my>
You are **required** to **'sign in'**, if you want to create eShelf.

Search
Library Collections Articles Library Collections & Articles **Search**

To use Boolean operators (AND, OR, NOT) within search phrases, you must enter them in uppercase letters. Please see the help pages for more information about searching.

Search
across a range of resources in a single search

Refine
your results, using the menu at the left of the results list

Access
via these links in results:
Preview for e-resources
Locations for printed items

Advanced Search
Build a more complex search query and increase the accuracy of your results

Databases
Link through directly to your favourite databases

eJournals
Search or browse for journal titles or try **BrowZine** to find, read and monitor major academic journals

Library Collections: search for books and journal titles.

Articles: search a very large collection of journal articles and conference papers.

Other search options: even combining "Library Collections" and "Articles" in one search doesn't cover everything. If you don't find what you need through NUsearch, consider the options listed on the right hand side of the screen.

Type your **'keyword'** or **'key phrase'** and click **'Search'** for resources

- **Library Collections tab:** Print Books / eBooks
- **Article tab** : Journal/Conference papers
- **Library Collections & Articles tab:** both
